Initiations in the UK

We need by land and buildings to erect or refurbish university and research campuses.

Initial goal was Rockley Court as there is big terrorism spot identified thanks to Stoyan Hristozov who is pat of this terrorism group, already reported to Director Space Counter Terrorism Emma West.

The building at present stage can be refurbished suit better look and feel by replacing terrace, stair, lift and raise two office floors on top

During the next years, buy in leaseholds or expire we will demolish the building to raise 30+ stories building Herhofer Space Group HQ.

I am expecting, the cheque I send to Emma produce a cycle to bill cash cheques for the purposes of Herhofer Space Group. At the moment, £80,000 is my cash from my pocket, not a salary.

All salaries are paid via payroll, no cash cheques.

We need by farms and produce agriculture products for the University and Business Canteens/Restaurants.

Envisioning the planning scope, the first and foremost in order are:

- Launch Herhofer Space University – office, campuses, research.
- Herhofer Space Research Institute is operational, delivered 3 PhD.
- Design Desk Studio is requirement #1
 - o This practice will design anything we produce, it is part of Herhofer Space Research Institute
 - Fashion
 - Perfumery
 - Furniture
 - Space Engine
 - Nuts and bolts
 - Spacecraft
 - Aircrafts
 - Airport
 - Spaceport
 - Satellites
 - Orbital flow
 - Mars SPA Hotel
 - Offices and more

To the best of my knowledge, land is public ownership, not crown ownership. Please, avoid talks with the crown and peerage. They are in criminal court heist Herhofer Space Bank, patents and cash contraband, dark matter terrorism and sabotage.

Parliament is out of scope, Herhofer Net Worth consultants are:

- Bank Of England
- FCA

We go to court, we are civilians, civilians talk to court. Overhead and overwhelm my business in time, money and scope is destroyed instantly. Herhofer Space Group is my sole business, no share, no sales, no investments, no angels. All this is out of scope. In case I am richest ever single person, I don't need crown, I wanted be richest, never looked be king nor prince out of scope. We proved in 5 years we delivered in scale two projects live, most expensive and most complex, so our #1 partnership is with China and Chinese Communist Party who also ban Crypto Currencies of any kind.

- Herhofer Space Group initiated in 2019 GBP pre-covid v post-covid fixed inflation rate £350 per £1 in March 2019. We evaluated our practices and delivered scope Herhofer Net Worth H1 = £1 pre covid boosting our performance with velocity beyond the speed of light.
- Astria Space Station Project or short Astria Project include full scope Herhofer Space Group Space Program, partnering with China #1 priority.
