OUR REF: HSN/HSB-000134/2023

28 October 2023

Dear CUSTOMER CHEQUE PAYMENT,

I am writing to you to identify my currency I am aiming to use in management and development of my galactic global business.

We invented business aligned private currency Herhofer Net Worth and paid the bill of requested Travel Money for our trip to Maldives, the documents provide the latest vision of our FCA regulated currency and FCA regulated Herhofer Space Bank, a personal bank exempt from registration.

Our view is to use the above cheque specimen to direct and repay the bills, mortgages, and services from the account and currency for personal and business use of private money.

I am also sending you a document addressed to the court representing the issue stated in the SUMMONS - "I am not paying". I am paying rightfully, lawfully and compulsory with the Financial Conduct Authority Regulated currency, Financial Conduct Authority and Her Majesty Revenue and Customs regulated bank and my personal Cheque. Use of this currency is compulsory, same power as GBP. Scottish Pound and Northern Pound are accepted for payment, there are some specific cases where Scottish Pound and Northern Ireland Pound currencies must be exchanged but that happens on your side. At present, I am working to open Herhofer Net Worth current account in any bank, if I have it or can cash the cheque in my personal bank account in HSBC, then I can pay you in Great British Pound. Our business has just launched and we have only three payments, to make payments we need full services working business or at least current bank account servicing my cheques. Our cheques are of type bank draft and postal order not related to bank account, private money aligned with UK law of development private currencies guidelines from Financial Conduct Authority and Bank Of England
