VIA EQUIVO

Dear HSBC UK,

As per our conversation and last agreement, I am sending headed accompanying letter to cover all my personal and business amounts due.

I invented Trademark Herhofer Space Research Institute holding more than 100 inventions in space. We delivered Herhofer Net Worth, a digital mint FCA regulated currency HNW 1 = £1 fixed rate, a requirement by law for private currencies. The currency is backed by patents in space, science, education, construction total amount of H1 billion imperial centillion (606 digits)

At present, mint currency in our accounting system Herhofer Net Worth (HNW) maintained by Herhofer Stargate Network representing different stages of payments via FCA Herhofer Space Bank, a FCA regulated bank, exempt from registration maintaining core business requirements accounting, reporting, auditing and taxation.

Herhofer Net Worth are personal money paid using Herhofer Stargate Network Business Ltd to support and maintain required by FCA core business requirements.

Digitally minted currency will reflect in our accountancy, reporting and CT600 annual return in HMRC

Please, find attached checks for full repayment of my:

Total amount due HNW 1885.53
