Dear Supreme Court.

Please delete all my accounts, data, licenses and patents under GDPR. I never provided licenses. Please involve CIA and Japan Government, I convicted King Charles III I unloyal competition, already having Space Armed Forces in Japan for Mitsubishi project. my partners in intellectual properties rights. The below image shows on display my account is blocked under X Rules, meaning homosexuals block my account rejecting local UK laws and abuse my straight performance, In my society homosexuals is dead penalty conviction raping male, same as some countries raping female. I demand ELON MUSK convictions stealing patents and disrespect differences proclaiming homosexuals are abused, no, rapists are executed, all people have equal rights. Please prosecute prince of wales William in second time after he told me he killed Mako. Now he told me he uses my money production patent, the reason Bitcoin have more deposits than total world money, please involve FBI in this case my AML partner globally.

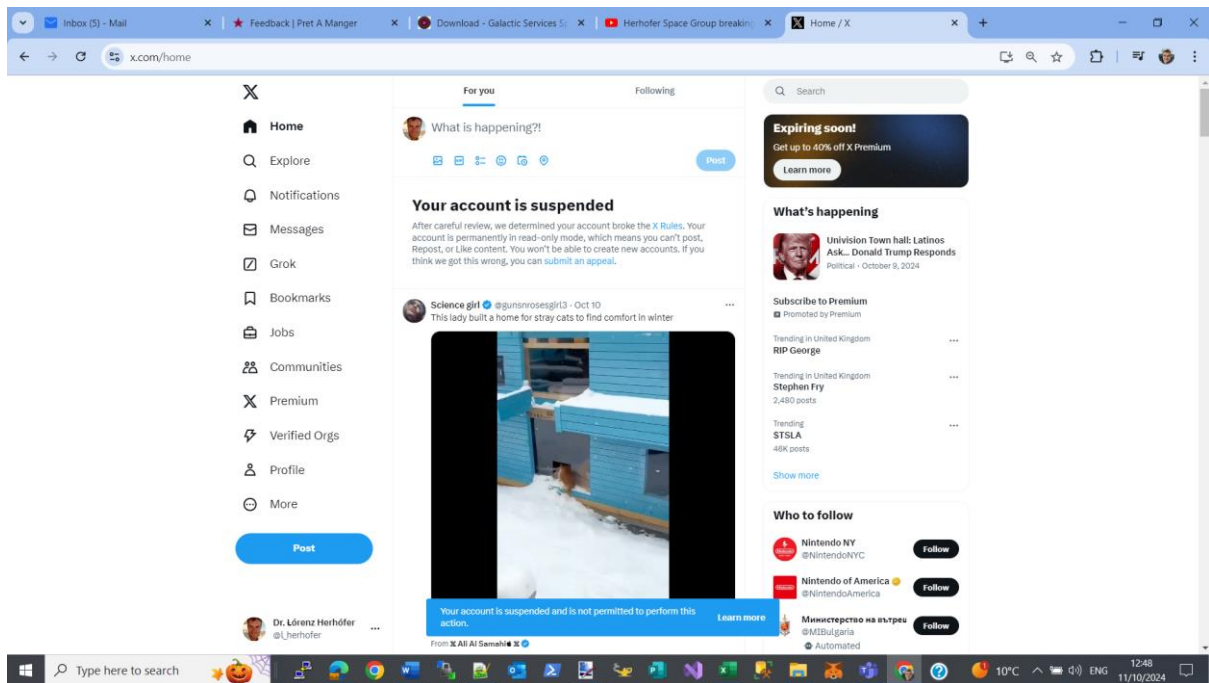

I never grant rights over any of my patents, he is money laundering like Solana Crypto, they grow for less than a year to trillions deposits after we clashed in Zurich Crypto Valley

Please, involve President Of China, Mr Xi Jing Ping, I paid him military help response to deflect assassians already in further court cases related to William, harry, Andrew, gerorge, Charles.

All of them are convicted once under heist Herhofer space bank and not paying licenses, I demand all my data from bitcoin, crypto currencies platforms, all my code in HollaEX HNW be deleted GDPR, they prohibit deletion of my currency after I deleted my account I request 200% deletion, from twitter all my accounts and data, this is prohibited function upon suspension, it is also prohibited I try delete once my account unsuccessfully

My account Lherhofer is suspended twice and Elon Musk lost the case, my account restored, now the case is the same they do not restore it. I must have lifetime free access.

These homosexuals steal my ownership over my own money

Dear Emma, please envision all points and contact our partners to delete 200% in my Twitter account and Elon Musk Bitcoin and Eterium and crypto network.
